The Secretary of State is the statutory agent for service of all corporations.

The standard form of designation in New York for both domestic and foreign appointments includes the designation of C T as the address to which the State is to forward process, and as the registered agent. Only if counsel insists may this standard form of designation be varied, and in such cases C T can furnish the forwarding address for process alone or the registered agent alone.

A corporation must indicate the county where its office will be located. If the corporation will not have an office in the state, C T will furnish the office which should be shown as located in the County of New York.
